Cohen's Lottery and Exchange-Office.

Nec signo Fortuna.

BALTIMORE—THURSDAY, AUGUST 11, 1825.

The Capital Prize already paid.

Since our last, the owner of the Great Capital of FORTY THOUSAND DOLLARS, a gentleman of Philadelphia has realized his good fortune by receiving the CASH at our office in that city, instantly on the presentation of the ticket, agreeably to our usual promptness. None of the other Capitals have yet been presented; neither have we yet heard from the owners in reply to our letters informing them of their success;—we hope, however, to have the pleasure of stating in our next, of the payment of all the Capitals, the Cash being ready on the presentation of the tickets.—Several of the minor Capitals, (*the Thousands*), have been already handed in and paid.

Certificates of Tickets & Shares.

The great advantages of the *Odd and Even System*, by which the GRAND STATE LOTTERIES OF MARYLAND are now drawn, were additionally experienced in the late Scheme, by the great demand for the Certificates, which we prepared for the accommodation of those Companies and Individuals, who, not wishing to advance the *whole amount of the cost* of Tickets or Shares, availed themselves of the opportunity offered by the Certificates, by the payment only of the *difference* between the amount of cost and the sum which the tickets must necessarily draw. In order to continue the same accommodation we shall prepare, as early as possible Certificates in the present scheme of the GRAND STATE LOTTERY, and will duly inform the public as soon as they are ready.

Rise of Tickets—State Lottery.

As a Rise of Tickets will soon take place in the State Lottery, we would suggest to our distant friends the propriety of sending on their Orders without delay, in order to avail themselves of the present low rate of FOUR DOLLARS per Ticket, and Shares in proportion. The advance will take place about the first of next month.—*Address to*

J. I. COHEN, Jr.—Baltimore.

The Day of Drawing

of the GRAND STATE LOTTERY, will be speedily announced.—We only wait the completion of the preparations necessary for the purpose.—It will certainly take place in a few weeks, and will be entirely completed IN ONE DAY.

We republish to-day, on our 4th page, the complete list of the drawing of the Grand State Lottery No. 5. Adventurers holding Prizes are respectfully requested to hand or send them in for payment or renewal, and as may best suit their convenience, at COHEN'S OFFICE, Baltimore, Philadelphia, Richmond, or Norfolk.

Distant Adventurers may confidently rely on the punctual fulfilment of whatever directions they may send on, and with the same exactness as if they were personally present.

HEALTH OF BALTIMORE.—We have been blessed with an unusual share of health in Baltimore this season. Almost entirely exempt from every grade of bilious fever, the diseases with which our population is afflicted are those only which are common at all seasons and in all climates, if we except one or two with which the infantile part of the community partially suffer. We enjoy a greater degree

of health, if the bills of mortality may be taken as a criterion, than any of the principal Atlantic cities. In New-York last week there were 207 deaths, in Baltimore 48. Allowing the population of New-York to be 140,000 and that of Baltimore 70,000, the proportion of deaths are more than two in New-York to one in Baltimore. We consider the attention paid to keeping the streets and alleys clean, and the draining and filling up of stagnant pools, the principal cause of this state of health in our city, and hope that the same degree of vigilance will be continued by those who have this department in care.

GEN. LAFAYETTE left Washington on Saturday morning, for Mr. Monroe's, in Loudon, Va where he will remain three or four days, and then proceed to Leesburg, Winchester, Shannondale, Harper's Ferry, &c.

A gentleman of Baltimore, says the Patriot, who was in company with the General a day or two ago in Delaware, congratulated him on his healthful appearance, remarking, that so long a journey, attended with such unceasing public ceremonies, he had thought would have worn him out. My tour, said Lafayette, has been one of the most delightful incidents of my life; instead of prostrating my health, it has had the effect of invigorating me.—The General also observed, that during his whole tour he had not seen a man who could say what he could, that he had visited every state in the Union.

We hear, says the Washington Gazette, that Capt. MORRIS is appointed to the command of the frigate Brandywine, destined to convey Lafayette to France; and that it is probable his seat at the Navy Board will be filled by Captain SPENCE.

Miscellaneous Intelligence.

Florida, on its cession to the United States, contained scarcely 15,000 inhabitants. It is now said that it contains more than 50,000, and it will be a candidate at the next session of Congress for admission into the Union as an independent State.

Sale of Domestic Goods.—A public sale of 500 packages of American Cotton and Woolen manufactures is advertised to take place at Providence on the 15th inst. The Providence Journal mentions that it is the intention of the manufacturers to get up regular annual sales of this description and establish a home market for their fabrics.

Frigate Brandywine.—We understand that the new frigate Brandywine, which is to have the honor of conveying LAFAYETTE to France, was to have dropped down the Navy Yard at Washington, over the bar, yesterday, and remaining there a few days, would then proceed down the bay to Hampton Roads.—*Nor. Beacon.*

The Light House erecting at Thomas's Point, about five miles from Baltimore, is nearly completed—so is the building for the accommodation of the keeper. They are both built of Susquehanna stone, and stand on a lofty promontory, the height of which, added to the height of the light house, will be making the lantern between 60 and 70 feet above the surface of the bay. The prospect from the site is fine both up and down the bay, and extends as far as the eye can reach.

Harrisburg Canal.—This important little contemplated improvement is beginning very deservedly, to command the attention of the citizens of this place and vicinity—and we are happy to learn that the stock is in a fair way to be taken to a sufficient amount to entitle the subscribers to a charter. Every day is adding to the list of respectable names already entered.—*Harrisburg. Intel.*

Singular fact.—It is stated to be a fact that the Dutch flag, displayed from the vessel which brought

out the Dutch minister, is the first national Dutch flag, which has been exhibited in this state, since it was struck, upwards of 150 years ago, when the colony of New Amsterdam was ceded to Great Britain.—*N. Y. Gazette.*

Cold Water.—To remedy the effects of drinking cold water, let the patient immediately swallow two teaspoons of camphorated spirits in a wine glass of Brandy, and at the same time apply the same mixture externally to the breast, bowels and throat—a perspiration will be produced that will be immediately effectual.

The above is taken from "The Family Receipt Book," a small pamphlet recently published.

Washington.—It is stated, but not generally known, that general Washington was made Marshal of France, by Louis XVI. to enable him to command Rochambeau, who in rank was a very old General, and could only be commanded by a Marshal of France. On a picture presented by the Earl of Buchan, to General Washington, is written, "To Marshal General Washington."—The picture is now at Arlington House.—*ib.*

Vegetable Chimney Ornaments.—In winter, an elegant chimney ornament may be formed by cutting the head or thick end of a carrot, containing the bud, and placing it in a shallow vessel with water. Young and delicate leaves unfold themselves, forming a radiated tuft of a very handsome appearance, and heightened by contrast with the season of the year.

Profitable Sport.—The Barnstable Gazette mentions that the Schooner Charlotte, Capt. Robbins, of the Cape, caught 31 halibut and 7 quintals of Codfish, in one forenoon—the smallest of three of the halibut weighed 250 lbs.—The whole was accomplished by five men.

POSTSCRIPT.—LATEST FROM LIVERPOOL.

The ship Braganza, has arrived at New-York, with Liverpool dates to the 24th June. It will be noticed by the extracts below, that there has been a considerable reduction in the price of COTTON.

From the London New Price Current. June 21.

"Cotton."—There have been no considerable sales of Cotton in London, since this day week—at least few have publicly transpired. The accounts from Liverpool, which we insert, state a very great fall in the prices in that market, and a general panic among the holders."

LIVERPOOL, June 18.

"Our Cotton Market has been very depressed throughout the week—in the early part of it, several of the holders, by forcing off some parcels of Egyptian and Brazil much below the nominal prices of the day, caused considerable alarm. Several large sales were declared for yesterday, which were anticipated with an unusual degree of interest, and were very numerous attended by the dealers and spinners. They went off heavily at a decline of about one pence from the previous nominal prices. Among the 5,700 bags offered, there were 1,045 Orleans, at 13 1/2 to 16 3/4 for ordinary to good; 1,170 Mobile and Alabama, 13 to 14 1/2; 431 bowed, 13 to 15d. The arrivals are 12,538 bags. Total sale 4,600."

June 19.—"Our Cotton Market has been very heavy indeed this week, principally owing to the sales by auction advertised for yesterday, which went off heavily at a reduction of about 4d per lb. on American, and 6d on Brazils, Egyptian and Demerara."

There was a dreadful fire in London on the 21st of June, which broke out on the premises of Mr. Cruzett, Carver and Gilder, which destroyed property to the amount of 200,000l. sterling; about 20 buildings were reduced to a pile of ruins.

Odd Numbers are those ending with 1, 3, 5, 7, or 9.

Even Numbers are those ending with 2, 4, 6, 8, or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery in ONE DRAWING, but has the great advantage of distributing the small prizes regularly to *every alternate Number* in the Scheme, so that the holder of Two Tickets or Two Shares of Tickets (one odd and one even Number) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity. A Ticket drawing a superior prize in this Scheme is *not restricted* from drawing an inferior one also; many Tickets therefore, will necessarily obtain TWO PRIZES EACH!

Those Numbers to which

Those Numbers to which no prizes are affixed are prizes of Six Dollars each—those ending with either 2, 4, 6, 8, or 0, being even numbers, are entitled to Four Dollars additional, being equal therefore to Ten Dollars each.

All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

No. 23154, an Even Number, having drawn the Capital

Prize of FORTY THOUSAND DOLLARS, agreeably to the scheme, every Even Number in the Lottery is entitled to a prize of FOUR DOLLARS, and in addition to whatever sum any of them may have drawn besides. All the Tickets whose numbers end with the figures

2, 4, 6, 8, or 0, are those entitled to the FOUR DOLLAR Prizes.

Many tickets, consequently, have obtained TWO PRIZES EACH! for example, No. 8356 (see list above) having drawn Ten Dollars and being an Even Number, is entitled to a prize of \$4 also, therefore No. 8356 will receive Fourteen Dollars, &c. Again, No. 17394 (see list above) having drawn a prize of Fifty Dollars, and being an Even Number is entitled also to one of the \$4 prizes, consequently No. 17394 will receive Fifty Four Dollars, and so on.
